Study Proposed Reactor Site

AEC Team To Visit

Scientists To Gather Data With Firsthand Observation

West Texas State University will be visited Nov. 16 by a team of four experts from the Atomic Energy Commission.

The visit will be in connection with a West Texas State proposal that the world's largest atomic reactor be located at Amarillo Air Force Base and operated in connection with WT's Killgore Research Center.

On the team will be Dwight A. Ink, assistant director of AEC; Walter E. Hughes, assistant director of research for AEC; Dr. Robert L. Walker, Cal Tech professor; and Olaf Pruss, AEC engineer.

If the accelerator is located at the AAFB site, it would be operated in connection with West Texas State and the Killgore Research Center. Hundreds of scientists would come to this area as a result.

Dr. Alfred A. Kraus, Jr., director of the Killgore Center, announced the visit.

Dr. Kraus announced the visit this week. It was firm indication that West Texas State and AAFB are among 33 sites still under consideration for the giant atom smasher.

Dr. Kraus said this area's level terrain is favorable to construction of the facility here. He said the foundation will be a mile in diameter and must be stable to one one hundredth of an inch over a period of years.

Dr. Kraus has spent a great deal of his time during the past months gathering data.

He said the inspection team will consist mostly of scientists. They will want to visit the site and hear a presentation of the technical and financial aspects of the West Texas State proposal.

"Two things are likely to happen on such a visit," Kraus said. "First, some team member may be interested in some point we do not know about ahead of time. This requires preparation in depth as much as possible and a certain amount of 'playing it by ear' after they arrive.

"Secondly, we will have an interchange of ideas which will help us see the values they place on various facets of the proposal. The result will probably be a supplement to our proposal to improve our meeting of their needs.

Kraus consistently has point-

Attraction Totals Rise

Monthly visitor totals of local tourist attractions continued to rise during October.

Last month brought a gain of more than 1,000 visitors to Palo Duro State Park as compared with the number in October of 1964.

Park Superintendent E. J. Boehm reported that 14,820 persons visited the canyon park last month. Six hundred were overnight campers. This compares with 13, 635 guests at the same time last year, although during that month 655 overnight campers were registered.

All states of the Union but North Dakota, Hawaii and Alaska were represented among guests at Panhandle-Plains Historical Museum this October, according to director Boone McClure.

McClure reported the monthly total as 4,944, which brings the year's sum to 76,045 visitors to the museum. This is approximately 2300 more than were registered by this time last year.

Veterans Breakfast

Breakfast for Veterans Day will be sponsored by the American Legion on Thursday morning, November 11, between 7 and 7:30 p. m.

Ex-service men and their families are invited to attend the 43rd annual observance by post commander, J. W. Kleinschmidt.

The breakfast will be staged at the American Legion Hall in Canyon.

Rainfall Reported

A total of .88 inches of rain fell in Canyon during the month of October, according to Dr. M. B. Measamer, professor of geography at West Texas State University.

The latest rainfall amounts bring total precipitation for 1965 to 25.53 inches.

This is approximately six or seven inches above normal, said Measamer.

Area Draft Quota Is Up

Selective Service quota for the four-county area which includes Randall County has been raised from 80 to 96 men per month.

This twenty per cent increase will take effect this month, according to Wes Kleinschmidt, Randall County representative of Selective Service.

This quota represents the number of men the board must call up for physical examinations prior to drafting. Counties included in the area are Randall, Deaf Smith, Parmer and Castro.

"The number we call to take physicals is set, and then it's never changed; it just remains the same. But this month they've ordered the increase of twenty per cent," commented Kleinschmidt.

He added that in January the board will begin calling doctors, dentists and veterinarians who are eligible.

"We have 8,000 boys on file," he stated, "but we're getting short. A lot of them don't pass the physical, and others have school exemptions or dependencies or some hardships."

Before long, said Kleinschmidt, the board will begin to take younger men and married men.

Falkner Says Decision On Bank Within Month

BY TROY MARTIN

Decision on charter application for West Texas State Bank of Canyon is expected in about 30 days.

"We will make an announcement in about 30 days," declared J. M. Falkner, state commissioner of banking.

"Let it rest a while," said the commissioner in a try for humor. "It's tired. It has been kicked around a lot."

Falkner's statement came Friday, the day following a charter proposal hearing in the State Office Building in Austin.

Some 30 Canyon people attended the hearing as proponents of the bank while a group representing Canyon First National Bank attempted to show the three-man banking board that there is no necessity for a second bank in Canyon.

Members of the board include Falkner, appointed by the banking commission; Jesse James, state treasurer; and Robert Strauss, a Dallas attorney who is appointed to the board by the governor.

Herschel Coffee, West Texas State University economist, told the board the area has had a growth of 4 per cent per year. He noted that deposits at Canyon First National Bank have grown from about $5,000,000

ROTC Salutes Veterans' Day

Special public ceremony in observance of Veteran's Day and honoring American war dead will be presented next Thursday by Reserve Officers' Training Corps unit of West Texas State University.

Medley of Armed Forces songs will be played by the R.O.T.C. band and several awards will be presented during the program, which will begin at 1:05 p. m. on the field north of the Administration Building.

The newly-elected five Cadet Corps Coed Sponsors will be introduced during the ceremonies also. From these five sponsors will be elected the Honorary Cadet Colonel and her staff, who hold the rank of Honorary Cadet Lt. Colonel. All selections are made by vote of the entire corps, and the final honors will be bestowed at the annual Military Ball.

Badges will be awarded to Distinguished Military Students for the school year 1965-66. The seniors chosen for this designation are considered most outstanding cadets in the Advanced R.O.T.C. program and upon graduation become Distinguished Military Graduates. As such they may be commissioned in the Regular Army rather than the U. S. Army Reserve. Thirteen men will receive the badges Thursday.

A trophy will be presented to the cadet who gave the most outstanding performance at R.O.T.C. summer camp. The six-week field training camp at Fort Sill, Oklahoma, is participated in by those who elect to follow the advanced program, pursuing two years of additional training. Camp is attended between junior and senior years of college.

Seven cadets in the special Flight Training Program will be presented with qualification badges during the ceremonies as well.

7th Grade Unbeaten

Canyon's seventh grade team goes for an unbeaten season in its last game of the year today against an improved Hereford team in Hereford at 4 p. m.

After debacles of the past two Saturdays, Canyon seventh grade well may be the Lone Star State's only unbeaten team.

The seventh grade was tied once by Plainview 0-0 earlier in the season when offensive mistakes cost a victory. Last week, the seventh grade team romped past Tulia 22-0 after taking a 14-0 halftime lead. The defensive unit of the seventh grade has been superb all season, giving up only one touchdown. That lone tally came against the Canyon second unit defense.

"Our defense has performed good all season and against Tulia last week the offense also played a good game, said head coach Cagle Davis last Monday.

Starting quarterback for today's game will be either David Carter or Frank Belcher. Canyon beat the team it's playing today 24-0 early in the season but since then the Hereford seventh grade has been going great.

Marion W. Hicks of Umbarger suffered an injury to his right hand Wednesday morning of last week when he got a thumb caught in a v-belt to a pump guide.

The thumb was broken in several places and the last joint of the thumb was severed. Hicks was hospitalized overnight at Neblett Hospital and Clinic where doctors operated in an attempt to save the joint.

Hicks is reported to be improving this week.

TPHF Plans Due Wh Underwriting Finis

Announcement of plans for Pioneer Amphitheatre for the summer of 1966 may be made by the board of Texas Panhandle Heritage Foundation when $4,500 additional underwriting has been legally certified.

This would bring underwriting of the Foundation productions to the minimum of $90,000.

The $85,000 already in the hands of the accountant represents the support of 132 people and organizations. Already residents of 15 communities have a financial interest in the success of the project and will be working for attendance of activities in Palo Duro Canyon.

FROM THE CANYON RIM

Left wingers and communists across the country continue to "demonstrate" against the US being in Vietnam and in support of the Viet Cong "liberators."

"If I were in Vietnam, I'd probably help the Viet Cong," a young college student declared here recently.

Thank goodness this is not the sentiment of the overwhelming majority of students at West Texas State University. Surveys have shown students on the WT campus to be either in favor of this country's Vietnam policies or impatient for the US to take even greater initiative against the VC.

The American press has not been as thorough in reporting the atrocities of the VC as could be desired. A mathematical mistake by an artilleryman and the subsequent shelling of friendly positions has been getting a bigger play recently than the terrorist tactics of our adversary which caused our soldiers to be in Vietnam in the first place.

Deane and David Heller, went to Vietnam and later wrote an article for The American Legion Magazine telling of the Systematic Terror of the Viet Cong. Those who believe the VC are engaged in a civil war of liberation or that less than the sternest methods can be used effectively against them should read the Heller article.

They tell of teenage girls being violated and then hacked to pieces. The VC cut strips of flesh from the living bodies of uncooperative village headmen.

Peasants are burned alive. Two buses were stopped near the Cambodian border recently at a VC roadblock. All 16 passengers were taken from the buses, tied up and marched into the forest. They were made to lie down and then were shot to death.

The VC uses well-known tools of terror: murder, kidnapping, arson, bombing, knifing, forced conscription, torture, destruction of property, mutilation, disemboweling, beheading and ambushing innocent villagers--men, women and children.

In 1964 there were an average of 376 murders, kidnappings, rapes, disembowelments or other crimes against civilians of all ages and both sexes per week.

This is a sustained campaign cunningly contrived and dispassionately carried out. The targets are selected to fit a general policy dictated from communist North Vietnam.

Complete collapse of all resistence to Hanoi is the goal of this terrorism.

Terrorists of Hanoi make the Beast of Berlin look like a piker. Atrocities being carried out right now by the Viet Cong in South Vietnam will be ranked infamously along with Belsen and Buchenwald when the history of man's inhumanity to man is recorded.

We have a strategic necessity to be in Vietnam. We have a treaty obligation to be in Vietnam. We have a human duty to be in Vietnam.

In my opinion, people who speak out in defense of the Viet Cong are self-confessed animals and deserve to be considered as such.

Flags For Freedom Endorsed By Mayor

Dr. G. L. Robinson, Mayor of Happy, signed the proclamation encouraging all people to observe "Flags For Freedom Week" November 1-6.

The proclamation is part of a statewide effort of the Texas Junior Chamber of Commerce to back the national government's policies in preserving the freedom of the people of Viet Nam.

Happy Jaycees will fly the United States flag at participating business places all this week. The Jaycees will place the flags in their holders each morning and pick them up each evening.

"Jaycees believe that economic justice can best be won by free men, through free enterprise," said Lloyd Venhaus, Happy Jaycee president. "We feel that this basic freedom is being denied the people of Viet Nam and that no man can be fully free until all men are free."

Outstanding FHAers Named At Event

Approximately 100 fathers and daughters attended a "daddy date night" supper and social sponsored last Thursday evening by the Future Homemakers of America chapter of Canyon High School.

Renee Owen, FHA president, presided during the opening ritual given by the council officers and also conducted the installation of sophomore and junior-senior FHA officers.

The invocation was given by Hampton Lisle. Lisle's daughter, Sharon, gave the devotional.

Outstanding FHA members were presented with trophies at the banquet-styled affair.

Presented trophies for work during September and October were Cindy Gruner, Dorothy Szydloski and Sandy Ellis.

All three outstanding students are seniors at Canyon High School. Miss Gruner is historian and third vice president of the FHA Council. Miss Ellis is council treasurer, and Miss Szydloski is first vice president and chairman of the Christmas Tea.

The honorees were selected by the Awards committee consisting of Rosemary Gerdsen, and Cindy Holcomb. November award will go to a sophomore student in FHA.

Recognized as high salesladies for the three month period were Merry Christmas, Leona Jackson, Rachel Glover, and Marilyn Hodges.

Cindy Gruner gave a report to the group on the Leadership Conference attended by seven Canyon High School students last summer.

The group was led in a sing song by Diana Williams to conclude the evening activities. Mrs. Clara B. Long is sponsor of the group.

Community Event Set

A community Thanksgiving service is being planned for November 23 by the Canyon Pastor's Association.

The program will be held at the Canyon High School auditorium beginning at 7:30 p.m.

Special music will be presented on the program by members of the Canyon High School Choir.

Letter To The Editor

Mr. Troy Martin, Editor
Canyon News
Canyon, Texas

Dear Mr. Martin:

I can appreciate the dilemma of the people confronted with the demands of those whom they represent and the temptation of the federal money, but let's keep the clarity of mind to see that in our over-all budget these dollars are relatively insignificent. I believe that here in Canyon the money considered would be about like a person taking home $500.00 a month, and being offered 14 dollars a month additionally. Naturally he could use the money, but could it not be possible that being told how he could spend his money, would cost him more than the added dollars and then actually end up with less of the things he needs than before?

There are countless examples of where this has already happened. Newburg, New York was a prime example. They were prevented from making reforms in the administration of their welfare. They wanted those able bodied people on city welfare to work on streets etc. to discourage undesirable people from flocking to their city for the dole. So many were coming that their part of the welfare was becoming a burden.

Federal aid is full of complications. For my part 'I'd rather do it myself' as is heard from our small fry. Incidentally, have you ever watched the growth of one who is never allowed to 'do it himself'? Pathetic isn't it.

Sincerely,
Fletcher Sims, Jr.

Visiting with Mr. and Mrs. Weldon B. Hager last week was his mother, Mrs. Harry B. Hager, of Ada, Oklahoma.

Visiting with Mrs. C. B. Combs this week were Mrs. Madge Holley and Mrs. Whitaker, both of Amarillo.

Dumas Demons Devil Eagle Eleven 48 To 0

Demons from Dumas played the devil with Canyon homecoming festivities here Friday night rolling over the Eagles 48-0.

The Demons scored twice in the first half and five times in the second half. Marshall Rigdon hit the uprights for all six extra points out of seven tries.

It was a bleak night for Canyon fans.

Canyon received and Joe Moore ran the ball back to the 33 yard line. The Eagle offense never got started and four plays later they were in a kicking situation.

The Demons took the ball on their own 30, moved it with the precision and power that has held them in the number 1 AAA spot in the state all season. On the fourth play after getting possession, Mike Slagle skirted his right end and crossed the double stripe from 31 yards out.

Marshall Rigdon kicked the extra point and the score was 7-0 in favor of the visitors.

Wayne Brewer returned the kick off to the mid-field marker for the Eagles. Then the Eagles fumbled the ball away on the 45. Canyon was able to hold the Demons, get the ball and pick up a first down of their own before losing possession again on a Demon interception at the 28.

The Demons pushed the ball to the 20 and then lost it to Canyon on downs. After four plays, Joe Moore quick kicked and Dumas took the ball on the 50.

Dumas moved the pigskin to the 9 and from there Steve Burke went in for the score late in the second quarter. Rigdon converted.

The score at half time was 14-0.

Dumas took the kick off in the third quarter and quickly hit paydirt. Billy McVickers returned it to the 31. The Demons moved the ball to the Canyon 21 yard line from which point McVickers went over for the touchdown.

Again Rigdon converted and the score was 21-0 in favor of the visitors.

The Eagles still were unable to moved against the Dumas forward wall and lost after being forced to kick. Dennis Cothren carried for 4 and then Tim Gallaway broke into the clear and ran 60 yards to score.

For the fourth time Rigdon converted and the score was 28-0.

The next Demon score was set up when Dumas got the ball on the Canyon 35 on downs. Cothren scored from 10 yards out. After Rigdon's kick the score stood at 35-0. This action took place in the fourth period.

Canyon received the kick off and was operating from its own 23. Brewer ran 9 yards and Tom Lair picked up the first down. Then Bonner intercepted a Lair pass and went all the way.

For the sixth time of the evening Rigdon split the uprights and the score was 42-0.

Final score came late in the fourth quarter. The Demons got the ball on the Eagle 40. Bonner ran for 15 and then Cothren scored from the 25 yard line.

On the conversion attempt, the Demons were penalized 5 yards and then elected to run the ball. The attempt failed and the final score was 48-0 in favor of Dumas.

The game was played in fine, crisp weather before 4,000 fans.

Dumas made 23 first downs as compared to 7 by Canyon. The Demons netted 382 yards rushing while the Eagles netted 58. Canyon went to the air for 34 yards and Dumas picked up 105 on aerials. Total yardage for Canyon was 92 and total for Dumas was 487.

Coach Jim Greenwood was pleased at the performance of his charges during the first half but said Canyon was outmatched by Dumas on depth. Three Canyon lads were injured during the game.

Wayne Brewer suffered a shoulder injury, not believed to be serious. Dennis Haley suffered a cut lip and McArnarney suffered what was described as a mild concussion.

In other conference games Friday night, Hereford and Perryton battled to a 13-13 tie and Tulia ripped Muleshoe 28-0.

The Eagles will travel to Perryton Friday night to meet the Perryton Rangers. After Friday night's game, the Rangers have a 4-2-1 record for the season.

Big gun for the Rangers is Kenneth Dieke, fullback. Dieke was ejected from the Hereford game in the second quarter Friday night but even then he had racked up 81 of his team's 225 net yardage.

Kickoff time for the Canyon-Perryton game is 7:30 o'clock in Ranger Stadium in Perryton.

Betsy Brings Early Review

Recent hurricane and flood damage in Louisiana has its effect on the Canyon unit of Texas National Guard last Thursday as the unit faced its annual general inspection a month early.

The local unit, First Rifle and Weapons Platoon, Company "C", Second Battalion of the 142nd Infantry, has the regular inspection in December every year. Due to problems in Louisiana caused by Hurricane Betsy, however, Texas was placed before its neighboring state in inspection order by the Office of the Inspector General.

Conducting the Thursday inspection was Lt. Col. Chester R. Metzke. He inspected administration, maintenance and Army facilities of the unit during the day.

That night Col. Metzke was present for inspection in ranks, drills and ceremonies, and observation of training. Class in riot control was taught by Sgt. Richard L. Mauldin.

Lt. Col. Boyce B. Phillips of Amarillo, battalion commander, attended with most of his staff members. Local unit commander is Lt. John D. Bryant.

WOWs Have Weight Loss

A total loss of 7 1/4 pounds was registered at Monday's meeting of the Win-Over-Weight Club.

One hog registered a gain of four pounds, and two members were listed as sitting ducks. The group concluded the evening with games of rummy.

Next meeting of the group will be with Ruth Ann Brillhart Monday evening at 7:30 p. m.

Executive PTA Officers Meet

An executive officers meeting and luncheon for Rex Reeves Elementary Parent-Teacher Association was held Thursday of last week.

Mrs. Joe Markham reported that some 567 parents are participating in the PTA this year, which sets an all-time high for membership.

Projects discussed at the meeting were the cupcake sales held each week at the school and the possible sale of Eagle sweatshirts. Yearbooks are also to be available soon and will sell at 50 cents with students and parents listed by classrooms.

Members voted to pay the balance due on the high school piano as the first project. Other projects discussed to assist with were library books and other projects.

Mrs. Murphy White was elected to attend the state PTA convention in Corpus Christi in mid-November.

Mrs. Roland Johnson, PTA president will also attend.

Jaycees Sponsor Carnival

Happy Junior Chamber of Commerce sponsored an annual Halloween carnival Saturday night with a large crowd in attendance.

Jaycees and Jaycee-Ettes operated a total of nine booths and the concession trailer at the event.

Buffaloes Meet Drake In Final Home Clash

West Texas State University, which won its first five games of the 1965 season, now has gone down to losses in the last two games, but hopes to return to a winning formula Saturday in Buffalo Bowl against the Drake Bulldogs at 7:30 p. m.

The Buffs will be favored but the Drake team is very capable of an upset in that it has momentum going for them and a solid offensive threat, besides.

Last Saturday, the Herd fell to a great Memphis State team that must be as good as any team in the Southeast part of the United States. The breaks just didn't go in the right direction in the battle with the rugged Tigers.

WTSU had trouble with its punting game, partly due to bad centers, which gave the Tigers good field position throughout the fracas. The Buffs "Unfriendly Society" experienced a bad night allowing the Bengals 337 yards of rushing offense. Going into the game, the defensive unit had allowed the opposition only 71.5 yards of rushing offense per tussle. Of course, the Herd never faced anything like the offensive power of the Tigers in their first six pigskin battles.

Drake brings an identical mark to WTSU, into the game against the Buffaloes in Buffalo Bowl this Saturday. The Bulldogs have won five and lost two, but they have won four of their last five skirmishes. Drake walked past Abilene Christian 24-7 last Saturday.

Iowa State shut out Drake 21-0 in the Bulldogs opening game of the 1965 season. Since then, the only loss Drake has suffered came at the hands of Western Kentucky, which squeezed by the Bulldogs 28-21. Other Drake wins came over South Dakota 17-0, Southwest Missouri 24-6, State College of Iowa 31-7 and 28-14 over Southern Illinois.

WTSU last met Drake in 1959, and the Buffs came out victors 34-21 in that tangle but Drake won the other game in 1957 20-19 to knock the Herd out of a Sun Bowl bid.

Big man in the Drake invasion of Buffalo Bowl is quarterback Ron Royer, who is a fine passer and even better runner. Royer has already fired for 839 yards, while completing 51 of 98 passing attempts. A fine scrambler when his receivers are covered, Royer has dashed for 199 yards in 75 rushes.

Royer has a pair of fine receivers to chock the pigskin to, when the Bulldogs choose to throw the ball. Right halfback Lee Brothers, 5-10, 160 and Manley Sarnowsky, a 6-0, 215-pound end, are Royer's favorite targets.

Brothers, who also doubles as a running back, is one of the Bulldogs smaller offensive weapons but he makes up for his size with good speed and moves. Sarnowsky has been the top receiver so far in 1965, with his 29 catches for 387 yards and four touchdowns. The big end also is the Drake punter, field goal kicker and extra point man of the Bulldog team. Other than his points on touchdown passes, Sarnowsky has booted 18 of 18 conversion attempts, and three field goals for a total of 51 points.

Sarnowsky is the best kicker in Drake history, as he has kicked six field goals in three years of varsity action. His punting average is a solid 36.6. Ray Brown, 5-9, 230, dynamiting fullback, has blasted the enemy line for 437 yards in 84 carries while scoring seven touchdowns.

Coach Jack Wallace took over the head coaching job at the Iowa school when workouts began last Spring. Wallace is a staunch supporter of platoon football which he uses at Drake University. The coach had 23 lettermen returning from last season when the Bulldogs were 6-4. Junior college transfers and some good men up from the Freshmen team has bolstered the Drake attack.

Drake has allowed its opposition 235 yards of total offense a game while the Bulldogs have averaged 312 a battle. The Bulldogs have given up only 690 yards to the pass and quarterback Spencer "Hank" Washington of the Buffs has already connected for 962 yards of offense. Perhaps the Bulldogs have the formula to stop the Buffalo passing game, however, Drake has stolen only four enemy passes.

Drake is in the small college division of the National Collegiate Athletic Association football teams.

Scout Coach Ken McCullough of the Buffs watched the Bulldogs beat Abilene Christian last Saturday.

"Drake is a very capable team, with good size, a fine defense and it is as big as any team we've played including Bowling Green", said the coach. Coach McCullough also compares the Bulldogs powerful backfield to Bowling Green's,

The Drake offensive line averages 220, the backfield 191 and the defensive line an unbelievable 240 pounds per man.

Biggest man on the Bulldogs 6-1 Rover defense is left guard Ben Mayes who weighs 285 and stands 6-4. Linebacker Dan Thompson is considered a fine defensive player by the Buffalo coaching staff.

Manning the "roving" line backer position is Jim Lindsey. Lindsey, 5-9, 175, and a junior Detroit, Mich. is a very big man on the Bulldog defensive unit and probably will cause some headaches for the Herd offense.

Steve Haterius, the WTSU team's valuable punter, punt returner and safetyman, will miss the Drake game and may not play any more in the 1965 season. There is a chance that Haterius may return for the final Buffalo battle with Texas Western. Marc Allen, who suffered a shoulder injury against Memphis State is a doubtful starter.

"Fun" Holiday Planned For WT

Games, special shows and other activities continue to accumulate as time draws near for All-University Fun Day.

Tickets of $1 per person are on sale in the Student Union Building, from Student Senate members and in the two dining halls during noon meal. Proceeds from the campus-wide holiday, to be held Wednesday, will be used to finance the proposed university entranceway.

Tickets will admit a student to any event, including the Sock Hop.

Highlight of the morning's activities will be a faculty-student talent show at 10 a.m. in the Canyon High School auditorium.

Faculty members promise several surprising displays of talents, and various types of students acts are already signed up. Student Union Board is also planning a special sketch.

Three trophies will be awarded in the day's main competition. Two will go to the best acts in student and faculty divisions, respectively, of the talent show; one other will be given best all-around competition in the Fun Day Olympics.

Olympics will begin at approximately 2 p.m. in the area behind Cousins Hall and will include various contests. Booths are being planned for afternoon activity also.

"Little 500" is expected to be on the agenda and is being arranged now. This contest is a tricycle relay race.

Diners in both cafeterias will receive unusual entertainment Wednesday as bathing suit contests are participated in by fraternity pledges

Evening will be topped off with a Sock Hop in the Field House. "The Tiaras" are scheduled to play for the dance, which will begin at 7:30 p.m. Late permission has been granted for the event.

Ticket sales were livened up considerably yesterday as Student Senate members roamed the campus in little girl and little boy outfits. The senators "who think young" appeared in the two dining halls at mealtime to advertise the faculty-student holiday.

Plans are being made to make the campus-wide get-together an annual event if this one is successful. Funds raised each year would be used in some university project or improvement.

3 Texans Contribute To Serendipity Flavor

If there's a Texas flavor to the lively sound of the Serendipity Singers, blame it on three former University of Texas students in the group.

DIANE DECKER
of
The Serendipity Singers

Diane Decker, pretty blonde who really does have more fun -- and shares it with the audience -- teamed up with tenor Tommy Tiemann, a professional in his own right, to form a comedy duo. From there it was only a short jump to membership in the enlarging Serendipity Singers, six months after the group's founding.

Yet another Texan, Peter Morse, joined the folk group recently to replace Serendipity founder and leader Bryan Sennett.

The Serendipities will headline the Ford CARavan of Music performance in the WT Field House November 20. Tickets may be purchased in the Student Union for $1 for students with activity cards and $1.50 for general admission.

Tommy became involved with folk singing in high school and sang for four weeks on the Arthur Godfrey Show. He recorded an album for United Artists, also. A graduate of Texas University with an anthropology major and music minor, he toured with the University Madrigal Singers.

TOMMY TIEMANN
of
The Serendipity Singers

Outgoing Diane was a music major at the school before joining Tommy to appear on ABC-TV's "Hootenanny" and in such clubs as the Exodus in Denver and the Tidelands in Houston. Both performers continue to provide much of the comedy in the nine-member group.

The popular folk-jazz singers, who record for Philips Records, made their first major nightclub appearance as headliners at New York's Bitter End. Their creative vitality and enthusiasm has since propelled their rise to fame, and their first album was a nation-wide hit. From it came the single "Don't Let the Rain Come Down," which rose to number five position on the music charts in a matter of weeks.

The Serendipities have since played every type of show from television to concerts to state fairs, wherever there is an audience to listen.

Highlights of last year included a performance for President Johnson and the providing of a complete two-hour "Today" television program. They have toured such nations as Australia and Portugal, and recent credits include Johnny Carson's "Tonite" show, where they made a hit with their rendering of "Soon It's Gonna' Rain," and an appearance on the "Dean Martin Show."

Act includes songs of every style and type. The group composes approximately 90 per cent of their musical material, and they classify their particular sound as "folk jazz," which they define as folk orientation but with jazz arrangements and instrumentation. Shows feature comedy sketches and dramatic blackouts, also.

On the bill with the Singers November 20 will be the Earl Hines Trio, featuring outstanding jazz pianist Earl "Fatha" Hines. Also appearing will be British comedy team Tony Hendra and Nick Ullett.

Mr. and Mrs. R. M. Cole visited with their daughter's family, Mr. and Mrs. Hulon Owens, in Paducah during the week end and had lunch with his parents, Mr. and Mrs. Onna Owens, Sunday.

Fun 'n' Folk

BY LINDA LOVE

Tired of seeing the same people in the same series on television every week? Well, this is guaranteed to provide a brief respite: an upcoming episode of "Lassie" will have absolutely no humans in it, not even the series "co-star."

Cast will be made up of a skunk, a fawn, squirrels, rabbits and other animals, with heroine Lassie playing the lead against a real villain -- a wolf.

Funny how easy it is to become accustomed to other people's doing things for you.

The Jaycees provide a great service in distributing and picking up flags when they're used outside businesses. In my home town everyone had to buy and care for his own, and if it was mis-handled or forgotten, it was quite obvious to everyone else.

This week is Flags for Freedom Week, and the banners are in the charge of individual store owners. The other evening, just around the square area, I noticed 26 flags out -- long after dark.

Funny how you forget even basic things when other people do them for you.

Serendipity Singers are the headliners in Ford CARavan of Music, coming here November 20. The nine-member folk group includes three former University of Texas students.

One of the best things about these top vocal groups is that they concentrate on vocal quality, musicianship and professional polish. Members can slip in and out and, while each performs well as an individual act, the important issue remains the quality of the group as a whole.

New Christy Minstrels have had twenty-one members during their highly successful three years, and various of these have gone on into other fields of performance or management. Each member retains a unique personality and attraction, yet people don't go to see "that group that Art Podell's in"; they go to see "the Christies."

Randy Sparks started this new trend of stressing polish and quality, and it's surely nice to see others following suit.

Quote of the week: read a review somewhere in which the critic referred to a standard "angry young man" character as "destiny's tot, to whom a traffic light is a suppression of self."

Debators To TCU

Nine WT debators will travel to Fort Worth this week end for the Texas Christian University Invitational Debate Tournament.

The debate squads qualified for the contest, which will be held Friday and Saturday, by ranking high in the Texas Tech Fall Forensic Festival in Lubbock Oct. 23.

The teams will meet approximately 35 other schools from 20 different states at TCU, said forensics director Edward E. (Gene) Lewis. Schools represented among this group will include Dartmouth, West Point, U. S. Naval Academy and Air Force Academy.

Debators participating in this meet are Steven Busby, Bill Slagel and Sandra Markley, Amarillo freshmen; Robert Trapp, Perryton freshman; Randy Hollums, Floydada junior; Sammye Monroe, Pampa freshman; Laura Edler and Linda Delano, Dalhart freshmen; and Tanya Benton, Amarillo senior.

Accompanying Lewis and the debate teams to Fort Worth will be Robert Boyd, graduate assistant; Rev. J. C. Pederson, Episcopal Student Center director; and Mrs. Pederson. They will serve as WT delegate judges.

DZ's Sponsor Bottle Pickup

Delta Zeta pledge class will conduct a pop-bottle pickup in Canyon Saturday morning.

Pledges will clear away bottles throughout the community during the morning. Those who wish further information may call OL 5-7141, Ext. 2838 or 2844.

Talent Show To Be Held

Circle K Talent Show has been scheduled for December 3 and will be held in Canyon High School auditorium.

Three divisions will be included in the contest. There will be one high school division and two college sections, one for fraternity members and one for independents.

First, second and third place trophies will be awarded in each division by Circle K, college affiliation of Kiwanis.

Special entertainment for the evening will be a variety show, presented by the Amarillo Society for the Advancement of Barbershop Quartets.

All types of acts are welcome to participate in the program, invited talent show chairmen Ron Shepard and John Jacobs. Entries should be in by November 5, and auditions will be held shortly after that date.

Master of ceremonies and judges have not been affirmed but will be announced later.

Proceeds from the talent show, which club members hope to make an annual event, will be used in the various service projects which Circle K sponsors during the year.

Data Machines Busy At WTSU

Scoring and analysis of more than 33,000 tests for Amarillo Public Schools is being done by the office of student personnel services and the data processing laboratory of West Texas State University.

Through use of data processing equipment, WTSU can report scores, item analyses, and special response analyses, said Kenneth Waugh, director of student personnel servies.

Results from the achievement and maturity test battery, administered to fourth, fifth, and sixth grade students in Amarillo, will be used by the Amarillo schools to study curriculum strengths and weaknesses, he added.

Longhorns Hold League Champs To 0-0 Finish

Canyon Longhorns ended their 1965 regular season play in high style Saturday as they held Forest Hill, undefeated league champs, to a 0-0 tie.

Longhorns came out on top in statistics, with two penetrations inside the twenty yard line, against none for Forest Hill, and seven first downs, to three opposition first downs.

Strongest threat by Canyon came in the final seconds of the first half. With a first and goal on the Forest Hill four yard line, the Longhorns attempted a pass, only to have it intercepted.

"We moved the ball well Saturday," said coach Jon Low. "It was the best defense we've had: we took in two fumbles, three intercepted passes, and we partially blocked two punts."

Guts Award of the day went to halfback Ricky Edmondson, who rushed for 70 yards in 13 carries for a 5.4 yard average.

"I don't know how to describe the way he ran," commented Low. "He just wouldn't go down. His worst gain came on one two-yard run." Edmondson was also credited with being in on nine tackles.

Three Longhorns who best carried out assignments were, according to Low, Edmondson; Danny Davis, who took part in nine tackles and recovered the two fumbles; and Desley Altmiller, who continued a season habit by snatching a Forest Hill pass and was also praised by the Canyon coach for his hard-hitting tackles.

Two opposition kicks were partially blocked by Donnie Minier and Sam Kerbel. Quarterback Mike Shadix accounted for the two remaining pass interceptions, as well as piling up an average of 5.4 yards per carry rushing on five carries.

"I think Edmondson did the best punting we've had all year," commented Low. He singled out Chuck Wright as having a four yard rushing average, and also mentioned the fine defensive work of John Upshaw and Kerbel.

While this game marked the close of league play, the Longhorns have scheduled a post-season re-match with Eastridge. It will be played at 11 a. m. Saturday at Canyon High School field.

Low has been selected to coach one of the All-Star teams in the Toy Bowl Game, scheduled for November 14. His squad will be composed of 21 All-Stars, representing Forest Hill, Belmar and Canyon major league teams. They will meet the other three league members, Whittier, Eastridge and Mesa Verde.

since 1953 to about $11,250,000 at the present time.

"The area is enjoying a dynamic growth which is tending to accelerate," Coffee told the board.

Hosea Foster, Canyon insuranceman and farmer and chairman of the board of the proposed new bank, gave testimony aimed at showing broad community support of the new undertaking.

He noted that, among others, three out of four Randall County commissioners have purchased stock in the proposed new bank. He said this is true of three of five city commissioners, four of seven school board members, the majority of Canyon's doctors, the comptroller of West Texas State University and several others.

Foster read letters of support from a number of Canyon people not attending the hearing.

Foster said 46 Canyon businessmen and 54 community farmers are interested in establishment of a "locally owned bank."

Foster was alluding to ownership of 49 per cent of the stock of Canyon First National Bank by First of Amarillo Company. Majority stockholders of First of Amarillo Company also have an interest in First National Bank of Amarillo.

Senator Dorsey Hardeman, Midland attorney representing Canyon First National Bank, later pointed out that Don Standley, executive vice-president of Canyon First National Bank, also is an owner of First of Amarillo Company.

Foster told the board that the proposed bank has 212 stockholders, all of whom reside or have financial interest in Randall County. He said no stockholder was allowed to purchase more than $10,000 worth of stock.

Senator Hardeman told the board that Canyon's needs are being adequately served by First National Bank.

"These men (First National officers) have a deep interest in the community," he declared. "They have shown this by their works."

The senator said that a second bank would tend toward a "dilution of services" instead of making banking services better in the Canyon community.

He noted that with the proposed board, West Texas State Bank of Canyon, even if a charter were granted, will not be able to accept deposits from the university, county or the city of Canyon. He said membership on the board of University Comptroller Virgil Henson, county commissioner Clarence Beckman and City Commissioners J. Manly Bryan and John Williams would make such deposits illegal.

"They can't get a dime of public money," Hardeman declared.

Another attorney for Canyon First National Bank said economic growth statistics reveal no need for a second bank in Canyon at the present time.

He gave check count statistics as proof that Canyon's needs are being adequately served and that there is not a great deal of out of town banking being done by permanent residents.

Check count in one Canyon business establishment showed 19.7 percent out of town checks while count at a Canyon church showed 91.87 percent Canyon First National Bank checks.

Strauss said he felt the 19.7 percent out of town checks was very high. Thereupon attorneys for First National pointed out that the percentage of college students in Canyon in ratio to permanent residents might account for this figure while the statistics revealed in a count of checks at the church would give a clearer picture as to banking habits of permanent residents. Strauss agreed.

Will Davis and Rep. Bill Heatley of Paducah represented the group seeking the charter.

Representing First National Bank of Canyon were Hardeman and Joe Long and Frank Erwin, Austin attorneys. Dale Williams Canyon attorney, also represented First National.

Several of the proponents of the new bank went to Austin aboard a chartered bus. A number of others made the trip by car and plane.

Two officers and two board members of First National Bank were in the room at the time of the hearing. They are Levi Cole, president; Don Standley, executive vice-president; and Jack Taylor and Jack Jennings, directors.

WT Helping With Testing

West Texas State University is one of several colleges and universities in Texas cooperating with the American College Testing program in an experimental college mathematics placement test, according to Kenneth Waugh, director of student personnel services.

The mathematics department has administered the experimental test to all freshman mathematics students this fall. At the end of the semester, the actual grades earned in the course by the students will also be forwarded to ACT in Iowa City.

Performance will be checked against scores earned on the experimental examination, to check the validity of the test and to evaluate its effectiveness in predicting success in the courses, explained Waugh.

Students come to college from a variety of high schools and have different mathematics training backgrounds; Waugh said, and colleges feel the need to find a valid method of placing them in college courses for which they are prepared, rather than placing them all in the same course.

Five boys have handled most of the rushing offense with each boy gaining about the same amount of yards for the year.

"Our backfield is very balanced and every man has had a big part in the offensive ground attack we have shown," said Coach Davis.

WT Golfers Play MSU

Six members of the West Texas State University golf team competed with an outstanding golf team from Memphis State last Saturday in Memphis, and the WTSU fell to defeat.

It was a history making occasion for WTSU, as the school had never before competed with another college on the bases of a WTSU golf team against another school's team. The six members competed in nine holes on Friday and 18 more on Saturday.

The golf team traveled on the charter plane along with the Buffalo football team. All members of the golf team are on scholarships at WTSU.

Members of the team are Bob Childers of Canyon, Ricky McLemore and Gary Madison of Amarillo, Jimmy Johnston of O'Brien, Bill Rice of Sweetwater, and Billy Jack Hackler of Odessa.

Other boys trying out for the golf team include transgers Jim Brown and Sydney Wright along with Richard Kuehnast and Jeff Latimer.

Tigers Devour Buffs 27 To 12 At Memphis

BY ART ALBRACHT

Memphis State University, led by the great quarterbacking of Billie Fletcher, outclassed the fighting Buffs of West Texas State University 27-12 last Saturday in Memphis, Tennessee.

The Tigers proved to have just too much offense for the Herd to contain and the MSU crew used every thing it had against the Buffs. Not only was Fletcher at his very best but the Tigers also showed tremendous versatility by using the talents of the strong running back Herb Covington and dynamiting fullback Tom Wallace. Split end Bob Sherlag snagged seven of Fletcher's passes for 56 yards and took two of the aerials for touchdowns.

A partisan Tiger crowd of 19,187 in Memphis Memorial Stadium saw the Tigers take the opening kickoff and drive 77 yards in seven plays for a score. The biggest part of the damage on the drive was done by Fletcher, who raced for 33 yards around right end on the sprint out play on a big third down situation, and also hit Sherlag for a 20-yard pass play.

Fletcher scored the opening marker on an end sweep which covered four yards. The versatile signalcaller then added the extra point.

It was evident from that point that the Buffs were in trouble. Scoring on their first possession gave the Memphis State crew a real shot in the arm.

WTSU got the ball on the kickoff with 12:18 left in the first quarter. The Buffs furnished the Tigers with good field position when Spencer "Hank" Washington fumbled at the Buff nine, giving the punter Steve Haterius very bad position. Haterius booted the ball short and the Tigers hauled in a fair catch at the WTSU 42.

On first down, Fletcher fumbled and Bobby Duncum recovered his third fumble of the 1965 season at the Buffs' 47. The Herd failed to move for a first down and had to punt the ball. Haterius, who had a poor night punting with only a 29.5 average, booted the ball to the MSU 23.

Fletcher got the Tigers a first down at the MSU 46 when he raced for 20 yards, as he continued to fool the Buffaloes with fakes and speed.

WTSU finally held the Tigers and took the ball at its 23. From that point, Washington led the Herd to its longest drive of the year which covered 77 yards in 14 plays and most of the yardage came from the passing gun of Washington. Big plays on the WTSU move were 12 yard passes to Donald Dennis and Roy Armentrout along with two 15 yard penalties against the Buffs. Washington scored the touchdown when he skirted left end and zipped into the end zone. Ronnie Mankin attempted the extra point but it went off to the left. The big score cut the Tiger lead down to one point.

MSU came right back to more than make up for the Herd touchdown. The Tigers stayed mainly on the ground while using the talents of Covington, wingback Bob Baxter and the slick running Fletcher.

Baxter also took a 14 yard pass from Fletcher while Sherlag caught a touchdown pass for six yards. The Buffs had put on a goal line stand to halt the Tiger march for three downs, only to have Fletcher fake and run and flip to Sherlag for the score. Fletcher added the conversion point and with 11:22 left in the second quarter MSU led 14-6.

After the Buffs took the kickoff, the Herd couldn't get a first down, so Haterius punted to the MSU 48. The Tigers quickly moved for another big score. On first down, Wallace broke over right guard and got 17 yards on a perfectly executed draw play which surprised the Herd. Fletcher skirted into the end zone untouched for a touchdown from the four yard line. Fletcher, who hasn't missed an extra point this season, booted the ball through increasing the Tiger lead to a bulge of 21-6.

WTSU moved into Tiger territory with about seven minutes left in the first half. The drive began after Haterius picked off a Tiger aerial at the WTSU 42. A big 15-yard penalty moved the Herd to a first down at the MSU 25. On the next play Bill Brundzo killed the drive with a big interception at the Tiger six.

MSU quickly moved out of the hole when Covington blasted for a first down at the Tigers' 14. Wallace then roared for 31 yards out to the MSU 48.

Fletcher then decided to go to the air and Tom Krempasky was ready for the pass. Krimp picked it off and sped 32yards on a fantastic interception return which carried to the WTSU 38. WTSU then missed a golden opportunity to get back into the game after the Herd received a 15 yard gain on a MSU personal foul penalty. Washington scrambled for eight to the Tiger seven. Then came three big defensive plays by the Bengals. A lateral to Mankin lost a yard, Washington shot a pass in the middle of Tiger defenders intended for Armentrout, but it failed, and then Washington was smothered after looking for a pass receiver and finding them all covered.

Halftime saw the Buffs down by 21-6 and it looked like the Tigers had survived the play that might've turned the game into a close battle. After an exchange of punts to begin the final half, the Tigers moved for the clinching tally. A short punt by Armentrout set up the final Tiger score. The MSU touchdown came on a six yard pass from Fletcher to Sherlag.

A long drive by the Tigers early in the final quarter was quelled when safetyman Don Tardy, playing his first action in place of injured Steve Haterius sniped a Fletcher pass at the Herd one.

Barry Johncour replaced Washington at quarterback and moved the Buffs 99 yards for their final touchdown. Johncour shot a pass to end Ted Wheeler for 23 yards to the Buff 30. The reception by Wheeler broke the school record for pass receiving with his 24th catch.

A 47-yard pass interference call against the Bengals gave the Herd a first down at the MSU 19. The scoring play came on a beautiful run around right end by Dennis from the Tiger 15. Mankin missed his second conversion attempt of the night and the score stood at 27-12.

WTSU later mounted a brief threat, but it failed and the Herd punted, conceding the victory to the Tigers although there was still two minutes left in the game. The Herd record is now 5-2 and the Buffs battle Drake this Saturday when they try to return to the victory trail. WTSU didn't really play well and the Herd's mighty defense experienced its worst night of the year and placed tremendous pressure on the offensive team.

Cowpokes Wallop Texline 44 To 16

Happy got back on the winning trail last Friday in Texline as the Cowboys walloped Texline 44-16.

The Cowboys went into the game on a two-game losing streak falling to Bovina and Vega on consecutive Fridays. Both teams went wild in the offensive battle which saw nine touchdowns, seven for the Cowboys.

Happy evened up its record in district play at 2-2 and increased its season slate to 5-3. The Cowboys showed a well balanced attack while scoring four tallies on the ground and three in the air. Texline scored one touchdown on a 75-yard run and another on a 35-yard run for its only scores.

The Cowboys jumped to an early 13-0 lead in the first quarter and then added twelve more points the second stanza, while Texline managed eight points. In the final half, the Texline Tornadoes could muster only eight points but the Cowboys added 19 to make the game a runaway.

Mark Maynard, who scored a pair of touchdowns in the game, opened the Cowboys scoring with a 6-yard scamper in the first quarter.

Randy Johnson dashed 45 yards for a touchdown on a pass from Gary Culp to close out the first quarter scoring.

Maynard stomped 10 yards for his second tally early in the second stanza but the Tornadoes got the points right back on a 75-yard run play. Randy Johnson, who had done little passing prior to the Texline game, turned into a Johnny Unitas for the next two Cowboy touchdowns. Twice the good running fullback fired passes for markers, one was a 30-yard scoring shot. The Cowboys led 38-8 after three quarters of the battle.

Happy increased its lead to 44-8 in the fourth quarter on a 40-yard rushing play. The Tornadoes came back to score on a touchdown pass and then added the conversion points to cut the lead down to 44-16, which was the final score.

Big Dragon To Become Dinosaur?

Don Rice, president of the Industrial Education Club which built the prize winning float "St. George Slays The Dragon", says that the Panhandle Heritage Foundation has expressed an interest in the dragon.

The Foundation is currently developing a show to depict the history of the canyons and the dragon would have it's wings removed and be revamped to look like a dinosaur.

"We have asked the club to store the animal until we can confirm our possible use of the creature in the summer production of 1966," said Mrs. Ples Harper, foundation president.

Dave Thomas, an industrial education major from Dumas, drew the original concept of the animal. The float was on the drawing board for several weeks before actual contruction started.

Movements of the dragon involved mechanical as well as manual processes. Six men were used to accomplish movements of the dragon during the parade.

"We had a great time with the big fellow," commented Rice.

Homemaker Shares Recipes And Travelling Experience

BY LORENA MILLER

Mrs. D. R. Weaver, mother of two, shares family favorites for Baked Beans and Chocolate Cake with our readers this week.

The former Miss Annie Laura Scott was born near Happy and reared in the Canyon area. She is the daughter of the late Mr. and Mrs. I. W. Scott.

Mrs. Weaver's brothers and sisters include Ira Scott who ranches and farms at Hereford, Mrs. V. E. Dodson who teaches fifth grade at Hereford, and Mrs. H. V. Lee of Amarillo who owns a chain of apartments.

Both Mr. Scott and Mrs. Dodson received their degrees from West Texas State University in Canyon where he played with the Buffaloes football squad.

In 1934 Miss Scott became the bride of D. R. Weaver whose mother, Mrs. J. W. Roush, lives in Amarillo. He also has a sister, Mrs. H. H. Beckman, in Amarillo and two sisters in California.

"During our early marriage we lived in Pampa where D. R. was manager of a White's Auto Store for 10 years," commented Mrs. Weaver. Later the couple moved to Brady where he was a civilian flight instructor for two years.

The Weaver family then returned to Canyon where they owned and operated Weaver's Dineateria for a period of six years. The facility was leased last spring and during the early summer Weaver set about constructing the first house to be built on Lair Lane at the eastern edge of Canyon.

"Parts of the building job were contracted out, but my husband did a lot of the work himself," related Mrs. Weaver. The couple moved into the new home in late August.

The three bedroom home is surrounded by rock gardens and a gravelled yard accented with trees, cactus, and flowers. Describing her yard, Mrs. Weaver said "We have had our share of the big grassy lawns but like this much better because we can leave it untended for periods of time. It is easy to care for and lends a western atmosphere to the location."

"When we decide to travel we can just lock up and leave and don't have to get the neighbors to turn on the water every few days during the summer," stated Mrs. Weaver.

A travel fan, Mrs. Weaver is currently planning a December trip to Hawaii with her friend, Mrs. J. W. Hood. The two will travel to Honolulu to visit with Miss Helen Hood who is with the WAVE Corps there. The two ladies will fly to Hawaii for the 10 day vacation trip.

"D. R. will stay home because he says that he has had enough flying," related Mrs. Weaver. Weaver formerly worked as an agricultural aerial sprayist.

Speaking of her planned trip to Hawaii, Mrs. Weaver said, "I'll send myself as well as friends a number of picture post cards. The cards to myself will go into my collection of postcards."

Her collection numbers several hundred dated from 1912 to October, 1965. Travelling friends have sent postcards from such places as Australia, England and India. Also in the collection are several cards formerly belonging to Mrs. Weaver's mother.

"Travelling is my favorite hobby," smiled Mrs. Weaver recalling a trip to Jamaica, a 5,000 mile trip to view the 1962 World Fair in Seattle, Washington and a camping trip throughout the northwestern United States and Canada.

The couple has only recently returned from a 1,800 mile trip in Texas where they visited Austin, San Marcos, the LBJ Ranch, and Marble Mountain, where stone is quarried for the capitol building.

Members of the First Christian Church of Canyon, Mrs. Weaver is also secretary-treasurer for the Canyon Home Demonstration Club.

The couple has two grown children, Willie Mac, at home, and Vicki Ann.

Willie Mac graduated from Canyon High School and holds the BBA and MBA degree from West Texas State University where he is presently studying for a teacher's certificate.

The Weaver's daughter, Vicki Ann, became the bride of Terry Funk of Umbarger last summer. Vicki also graduated from CHS where she was a cheerleader, a member of the girl's basketball team and in the National Honor Society. She served as a cheerleader at West Texas State for three years and is presently a senior student majoring in elementary education.

Vicki's husband, Terry, plays guard position for the Buffalo varsity squad. He also graduated from Canyon High School where he played football.

"Now in the cooking department," smiled Mrs. Weaver, "you'll find that I have always liked to cook since taking home economics while in school."

"Guess what Canyon folks like to eat," laughed the former cafeteria owner. "They want red beans and corn bread dressing. If you don't have it they ask for it."

"One thing that I taught my daughter was how to cook herself and not always have to fix things out of cans or prepared as so many of the young people, and older too," said Mrs. Weaver.

"You'd be surprised at the number of people who don't even take time to read the directions on these easy to prepare mixes that they have in stores today," Mrs. Weaver stated.

"Working in the cafeteria, I have gotten used to cooking in large quantities," said Mrs. Weaver. She shares recipes for Baked Beans which is ample for the average family and a Chocolate Cake recipe which makes approximately two layers in a 10 x 13 x 2 rectangular pan.

TRAGEDY, ROMANCE, COMEDY are provided by these four actors in "Faust," one of five operas to be presented in West Texas State University's opera workshop production tonight through Saturday. A satire on television soap operas will be accompanied with selections from four popular operas in the show, which begins at 8:15 p. m. each evening. Pictured here are Jerry Curry, Levelland junior, as Faust; Jean Gray, Pampa junior, as Marguerite; and standing, Linda Adams, Canadian graduate, in a comedy role; with Ken Betzen, Canyon senior, as Mephistopheles, the Devil.

Music Evening Varied By Tragedy - Comedy

Old-fashioned romance and tragedy will be complemented this weekend by classic satire and a modern spoof on television in the "Evening of Opera" Thursday through Saturday.

All selections will be sung in English, as opera workshop members re-create scenes from four of the most popular operas of all time.

Featured with these scenes will be an entire chamber opera, "Gallantry," a "cartoon in music" about a daytime hospital soap opera.

Costumes will swish and swirl as the nineteen actors portray characters in Gounod's version of Goethe's classic "Faust",; Mozart's "Marriage of Figaro" and "Don Giovanni"; and Beethoven's "Fidelio."

Famous -- and infamous -- Spanish lover Don Juan is lucky in love but fails to win over Fate in the popular "Don Giovanni." Appearing in this are Jean Gray of Pampa, Cheryl Mansel of Quanah, Butch Wynn of Tulia, James Burleson of Amarillo, John Brandon of Canyon, Tommy Simmons of Borger, Roger Jennings of Tulia, James Newton of Canyon, Mila Beth Gibson of Canyon, Gene Murray of Canyon and Gare Brundidge of Corpus Christi.

Brundidge, Murray and Miss Gibson are also among the sextette selected from "Marriage of Figaro," satire of corruptness in court life, in which the title character is a mischievous valet matching wits with the nobility. The opera was banned in Paris before the Revolution. Other cast members are Linda Adams of Canadian, Frank Frisbie of Amarillo and Ken Betzen of Hereford.

Literally a "soap opera," the modern comedy "Gallantry" by Douglas Moore involves characters in a daytime television melodrama of the same name.

Love songs and laughs come as an appendectomy brings together a married doctor, played by Jearl Nichols of Canyon; the beautiful nurse he is pursuing, Jo Ella Cansler of Hereford; and her true love, Jerry Curry of Levelland. Breaking into the soap opera now and then is Nancy Davis of Canyon, who delivers commercials for Lochinvar Soap and Billy Boy Wax.

"Fidelio" concerns the attempts of a faithful wife to free her husband from jail by disguising herself as a youth. Complications arise when the jailer's daughter falls in love with the "youth," Fidelio. Appearing in this selection are Miss Davis, Miss Mansel, Wynn and Nichols.

Scene selected from "Faust," Goethe's famous drama of the human and the divine, involves Faust, played by Curry; the captivating maiden Marguerita, portrayed by Miss Gray; Mephistopheles, the Devil, performed by Betzen; and the humorous hag Martha, played by Miss Adams.

Chorus for the production includes Simmons, Newton, Brandon, Jennings and Gregory Jackson of Phillips.

Workshop is under direction of Dr. Royal Brantley, with stage direction by William A. Moore and musical direction by Elsa Porter. University Orchestra will accompany the evening performances. Directed by Ted Madsen, it will be conducted by Brantley. Technical direction and costuming is by Erin Wertenberger.

Tickets are on sale at Branding Iron Theatre box office from 10 a. m. until noon and 1-4 p. m. through Friday. Phone reservations will be available, but no mail order reservations will be issued.

Admission is $2 for adults and $1 for high school students and children. WT students will be admitted by activity tickets.

Performances will begin at 8:15 p. m. in BIT of Fine Arts Building.

Dr. Evans Paul Stewart, 64, Swisher County physician for more than 31 years, died Sunday morning of a heart attack in his home at Tulia.

He was a native of Canyon.

From 1930-1934 he practiced in Stratford. He moved to Tulia from Stratford in February 1934. Dr. Stewart had been both Swisher County Medical Doctor and physician for the Santa Fe railroad for 31 years.

Jr. Eagles Felled, 28-0

Canyon's Junior Eagles, minor league team of Kids, Inc., ended their 1965 season Saturday with a 28-0 defeat by Belmar.

Coach C. E. Winn chose Kevin Smith as outstanding player of the afternoon. Smith's efforts included two near-touchdown runs of 40 and 30 yards, respectively.

Four Eagles were injured during the afternoon, which saw the Belmar squad score on four long runs. Injured were Bill Moore, Scott Keeling, Ed Lair and Brad Winn. All returned to the game after some time out, however. Keeling served as quarterback for the final season game.

Allan Beghtel, Terry Griffin and Greg Lambert were praised by Winn as contributing outstanding line play, and he singled out safeties Ricky Lyles and Gary Hair for fine showings in their positions.

"Moore had some nice passes and runs," commented Winn. Among the pass plays, in which the halfback has specialized this fall, were aerials to Smith for 30 yards and to Brad Winn for 40 yards.

Young Viennese Artist To Perform Next Week

Strength, virility, grandeur.. These are a few of the terms which have been used in describing the performance of "the complete artist," Joerg Demus.

"Everything begins to speak, to dance, to sing," said a Paris critic of the young Viennese pianist. "Demus is. .for Bach full of life -- and how right he is!"

Demus will appear at 8 p. m. next Thursday in the Canyon High School auditorium to open the 1965-66 Community Concert season.

He has been acclaimed in 32 countries of Europe, South America, Asia, British Isles and Africa, and the list of more than 70 orchestras with which he has performed includes most of the very greatest. His 1965-66 concert season includes appearances in key cities of Austria, Germany, Belgium, Spain, Portugal, Italy and England.

Demus has been described by "La Presse" of Paris as "the most perfect pianist of the younger generation." Various critics salute the taste and clean sensitivity of his playing, full of noble and real expression.

In Washington, D.C., according to Washington Post critic Paul Hume, Demus "turned on the pure gold that makes Schubert the glory of romantic Vienna."

While the young Austrian is well known as an interpreter of the great romantic composers, his enormous repertory contains works of other styles, and his mastery of all has been carefully nurtured by some of Europe's greatest teachers. His Vienna Academy training embraced also music theory, composition and organ.

This versatility contributes to the title he has earned as "the complete artist." At present he lists some 157 piano works of major proportions in his repertory, including 21 of the most difficult concertos of the classic and romantic schools of composition.

One of the major events of Vienna's 1962 season was the performance by Demus of the complete piano works of Debussy in four recitals which commemorated the composer's birth. The performance led a Viennese critic to exclaim, "You would have thought the Frenchman was at the piano. It was magnificent! And how rarely a critic is given the opportunity to say so!"

The artist saluted similarly the 150th anniversary of Schumann's birth in 1960 by playing Schumann's entire piano works in a series of Vienna recitals. He presented another Schumann program in private recital for the king and queen of Denmark. This recital was performed in the Austrian capital, on Schumann's own piano.

Joerg Demus is the possessor of a wide array of prizes won in leading international competitions. In 1958 he won the famous Harriet Cohen Golden Bach Medal in London.

The coveted Busoni Prize was won in Italy in 1956 against competitors from twenty countries. This prize resulted in a grand tour of Italy, climaxed by a concert at Milan's famous La Scala. In the interim Demus' sold-out tours throughout most of the civilized world have readily established him as the formidable, highly - polished artist that he is.

Lions Club Honors Camp

Canyon Lions Club is joining with the state organization this month in honoring the Texas Lions Camp for Crippled Children.

The Lions of Texas have set aside November in honor of the camp, which has allowed more than 8,000 handicapped children to enjoy camping life since it was opened in 1953.

To climax the month dedicated to this camp the Canyon Lions are planning a special program December 1, at which time Dr. Thomas MacOwan will introduce a film on the camp.

Located at Kerrville in the Central Texas hill country, it is free to crippled, blind, deaf or mute children between the ages of seven and seventeen. The seventeen permanent buildings and other improvements on the 504 acres represent an investment of more than $600,000.

Each summer, for two weeks, 720 boys and girls learn to swim, camp outdoors and develop new skills by learning various handicrafts. The program is financed by dues of the Lions and by gifts from numerous clubs and friends of crippled children.

Applications to the summer camp are handled only through local Lions Clubs. Canyon Lions are glad to receive application from anyone who is eligible.

Week End Camporee For Scouts

District Camporee for scout troops of the Randall District will be held at Camp Don Harrington Friday and Saturday, November 4-5.

Some 18 patrols are expected to participate in the camporee according to Chuck Allen, district camping and activities chairmen.

Events begin Friday evening with registration of troops and setting up camp. Also planned for Friday evening is a campfire program.

Saturday morning scouts will compete by patrols on the scout skills and several fun events according to Allen.

Contests will include first aid, scout oath and law, a stretcher race, a pancake flip and chariot race contest.

During the camporee, two campsite inspections will be held with patrols being graded on campsite appearance, menus, cooking ability and patrol organization.

Rating of the troop will be determined by patrol scoring. Those averaging between 85-100 points will receive the Camporee Award of honor and merit while troops between 70-85 points will receive the Camporee Award of merit. Troops averaging below 70 points will receive the Camporee ribbon.

Camporee judges will meet this afternoon, Thursday, to check plans for the Camporee and scoring system according to Allen.

Davises Head Canyon Capers

Ervin and Dorothy Davis were elected presidents of the Canyon Capers, square dance club, at the Monday meeting in the Junior Livestock Building.

During the business meeting, plans were made to have a guest callers night on November 28.

Knox Day and Ervin Davis were callers for the dance Monday evening. Guests for the occasion were Louise Knox of Levis and Lace and Tommy Thompkins of Reddy Squares.

Visiting with Mr. and Mrs. Jimmie L. Golden last week was a cousin, Deon Anthony, and wife and daughters, Frances and Terry, of Las Vegas, Nevada.
